## Mercury Stationary Retrograde in 11th House

Sometimes when you choose to lean on friends, you find they're leaning on you already, and then everybody gets confused. The next three weeks give you the chance to discover and address this kind of situation so that good feelings remain all around and everyone is back on a mutual course. One reason this can happen to begin with is that you may have been paying too much attention to your own goals and aspirations and lost track of your personal support grouping. A little healthy self-introspection may help your own ambitions find better focus and general support where you can most rely on it.

## Mercury Stationary Direct in 10th House

The best-laid plans for self-promotion may have been getting tangled during the last three weeks, but the wind is changing and you'll begin to find it easier to chart your course, especially career wise. Correcting misconceptions about yourself is an important task to undertake, as you can't benefit if others don't really know where you're at. That especially applies where you are trying to nurture valuable connections that will buoy you up in weeks to come. When you make things perfectly clear, that's just what they become, and clearing up confusion clears the skies in general.

## Mars Stationary Retrograde in 06th House

Pacing yourself and avoiding getting overtaxed should be the focus of what could otherwise be a stressful period. That applies in both the emotional and physical worlds, as stop-and-go pressures require patience and regularity to diffuse their impact and keep you well and cheerful. Life in the workplace can see a lot of frustrations flying, so it will be good to put your best sense of humor forward and keep your head when all around are losing theirs. What you can change, do -- what you can't, don't try. This is an easy time for diminishing returns and time/energy drains, so be creative, pick your shots and don't waste ammo.

## Mars Conjunct Moon (Retrograde)

As Mars turns around on your natal Moon, issues that arouse anger and annoyance may come to the fore, and there is no time like the moment to ferret them out and dispense with them. But that works on two levels. First, there are things which truly waste energy and siphon off your ability to get on with life, and these you should identify and kiss goodbye. Second, there may be situations that rouse your ire because you aren't facing up to them and they remind you of your own reluctance to clear things up. These you must embrace and work through until they lose their stigma and become part of the regular flow.

## Mars Stationary Direct in 05th House

Creative efforts that have been bogged down for a while will be seeing a turnaround, and energies that were previously blocked begin to flow again. Part of that comes from abandoning things that smack only of obligation and turning to windows that let in the light of opportunity. In a phrase, go with what you want to do, not what you think you should do, and you'll get a lot more mileage down the road. When you feel pleased, you gather energy from your environment; when you feel burdened, your surroundings tend to drain you. Go with the positive flow in your direction and health and wealth will follow.

## Mars Conjunct Moon

Mars turning direct on your Moon can be an emotional challenge and an opportunity to learn restraint and rechannel anger. Recent frustrations can too easily be turned to conflict just as resolution is in sight, so keep a steady hand on the helm and let those about you lose their heads without joining in. If successful, what begins as forbearance leads to relief and a feeling that you have been tested and have passed with flying colors. Use physical exercise to release stress and trim away energy-wasters that slow you down and tire you out. Focus, patience, and endurance are the watchwords.

## Mercury Stationary Retrograde in 03rd House

The next three weeks may well mark a lot of ebbs and swirls in the social fabric you move in, with associates backing and filling and sometimes seeming less than reliable. No blame here, just a general reshuffling until everyone feels comfortable with their positions, including yourself. Try to work on removing obstacles to the flow and diplomatically shift your schedule according to who better fits your evolving agenda. Toward the end, you may have to call into question some aspects of your financial underpinnings in order to effectively make contact and cause others' goals to come into step with your own.

## Mercury Stationary Direct in 02nd House

Kinks, twists, and delays in financial matters are on their way out and a return to smoother sailing is in the works. Although delays may have been annoying, the resolutions they have brought will benefit you immediately and in the long run. Picking up loose ends and tightening your operation has lasting benefits, not only on your resources, but also on your opportunities to disseminate your ideas and expand your contacts and horizons. Any headway you may have lost is momentary and will be made up for by a smoother operation, a steadier course, and fewer distractions over the next several weeks. Tie up loose ends and be ready to move on to expanded horizons and a surer sense of your underpinnings.

## Mercury Stationary Retrograde in 07th House

Sometimes assumptions about those most close to you can turn out to be misperceived, and the next three weeks gives you a chance to take a second look. You can nip problems in the bud and smooth potentially ruffled feathers, including your own, where things have been taken for granted and are slowing down progress. Mending ties to others can make for stronger relationships if you are ready to address small problems and so prevent them from growing. In the same way, good fences make good neighbors, and keeping your own integrity may be part of it, so don't do others' jobs, but let equality have play.

## Mercury Conjunct Pluto (Retrograde)

Mercury making a temporary halt on your Pluto turns you on to a set of delays that are shared very specifically with your age group, so look to immediate contemporaries for both sympathy and solutions. Issues may circle around who is in control and what turf is worth having charge over, but it all comes down to personalities in the end. Fewer things than you may imagine are worth going to the mat for, so be ready to abandon time-wasting challenges and dead ends in favor of what's really worth the push. A few weeks of picking your fights carefully may eliminate the opposition to begin with.

## Mercury Conjunct Uranus (Retrograde)

Mercury pirouetting on your Uranus could be just what you need to provide that sudden flash of inspiration you've been waiting for. It's less likely to be about the totally new, but more about new light on older inspiration, ways to make approaches work that weren't quite all there before. If you haven't quite arrived in some area and wonder why, now's the time for the internal rewrite that taps into the mother of all inventions, your inner muse. Don't hesitate to smash idols with feet of clay, break down walls, and clear the decks. You can't rebuild to suit your taste until you've got the space to do it and some elbow room.

## Mercury Stationary Direct in 06th House

Hectic reduplication, delays, and scheduling confusions will be straightening themselves out after a few weeks of necessary resorting. All that remains is to put the finishing touches on new approaches and link them all up with others who may be involved. Missed or mixed up messages are resent or clarified so everybody is back on the same page and agrees upon what the next step is going to be. A general sense of well-being supplants a certain unease born of uncertainty and you get back to your healthy glow born of knowing where you've been and focus on where you're going.

#### Mercury Conjunct Uranus

Mercury stepping out again on your Uranus can bring sudden flashes of insight, unexpected turns of events, and unheralded messages from surprising quarters. When inspiration strikes, be ready to write it down -- get it on paper, before you forget it or someone else tries to deny it. Don't tie yourself down right now, or you might lose the ability to go with the flow when a breaking wave strikes. If it ain't fixed, break it and go for something entirely new -- cut the Gordian knot and don't waste anymore time fussing with tangled or intractable situations. Go for the shortcut, the straight path.

#### Mercury Conjunct Pluto

As Mercury gets itself back into gear on your Pluto, pecking order issues that may have arisen lately can be resolved and competition put aside where it is not needed. You can figure out how to get your way without imposing it -- either by cooperation or simply by sleight of hand -- and there is no reason to waste unnecessary muscle making it happen. You can equally well put your finger on your unresolved fears and find that when you shed light on them, there's nothing there to be afraid of. Known challenges are always easier than what lurks unseen, and this is a good time to cast a little light into the darkness.

Big plans and ideal notions may seem to satisfy less during this period, or may seem less affordable. Satisfying a large appetite can tire you more than trimming back and tasting only what truly satisfies. You may find that what you really want and believe in is getting dragged down by what you used to care about but which no longer carries its weight. If you want it, go for it, but if not, let it go without regret. Enthusiasm requires focus, and this is a good time to regain yours. When you think you're being denied, it may be that you're actually sated. Time to tune up those taste buds in every sense of the phrase.

Ask and you shall receive, but you've got to know what to ask for and who to ask, both of which may have been the subject of some confusion of late. After feeling around for the answers, resolution now becomes more accessible and the resources available for you to draw upon become a bit more clear. The key may be to focus on one thing at a time and not to scatter your shots and waste your powder. Pick a target and go after it until it yields up what you want. Besiege the objects of your desire until they surrender to your resolve. A broadening of your vision will result from drawing intensely on your surroundings.

Just when you think you can enjoy the limelight, you have to turn around and put some more spin on your tale to satisfy the onlookers. That scenario can characterize the next three weeks when your image may need some polishing and you have to resolve differences of opinion on your status. But, a few stumbling blocks well attended to now will open up a path of clear sailing down the road. Part of this may be that you haven't really picked up the smaller stitches because you've not quite got the bigger picture in focus. Refocus, pull all the threads together, and then you're on your way.
