Chapter 1: How You Approach Life and How You Appear To Others

Cancer Rising:

You appear gentle and soft, and you act rather reserved with others until you know them well and feel it is safe to be open with them. You have a strong need for emotional security and a sense of belonging, and are deeply attached to the past: your heritage, roots, family, cherished friends, familiar places, etc. Making radical changes or moves away from what is known and safe can be very painful and difficult for you. You tend to cling and hold on to people, memories, possessions of personal or sentimental significance. Having a home, a safe haven, is very important to you.

You approach life emotionally and subjectively and are sensitive to the emotional atmosphere, the subtle undercurrents of feeling in and around you. Instinctive and non-rational, you are often unable to give a clear, simple explanation for your actions. Something FEELS right, or it doesn't.

Your emotions and personal loyalties tend to color your thoughts and opinions. You view life from a very personal perspective and often cannot mentally detach yourself from your own personal bias and prejudices. You are apt to be concerned primarily with how something affects you and those dear and close to you, rather than with the principle or the broader social implications. For instance, you may be very patriotic and feel that whatever "my country" does is right without really knowing much about the other nations' policies or point of view. Put simply: if it is good for me and mine, it is good. If it is not good for me and mine, it is no good.

You are tenaciously loyal, protective, and supportive of those you care about, and have a very strong nurturing, motherly nature (regardless of your gender). You empathize with others and intuitively sense the feelings and needs of other people. Compassionate and sympathetic, you are easily moved by others' pain, and you are often the one others seek out when they need comfort, reassurance, or help.

Your moods fluctuate and change frequently and you are sometimes open, sometimes withdrawn emotionally. You communicate nonverbally and appreciate a person who can pick up subtle cues and hints, rather than having to make everything explicit.

You never forget either kindness or unkindness shown to you.

Chapter 2: The Inner You: Your Real Motivation

Sun in Gemini:

You are, in many ways, an eternal child. Your mind is bright, alert, curious, flexible, playful, and always eager for new experiences - and your attention span is often quite brief. You grasp ideas quickly and once your initial curiosity has been satisfied, you want to go on to something else. You crave frequent change, variety, meeting new situations and people.

It may be hard for you to decide just where your talents and true vocation lies, for you have a multitude of interests and are loathe to limit yourself by concentrating on just one. You are easily distracted by all of the other fascinating possibilities. Your curiosity and restlessness propel you into many different experiences in life, and you are willing to taste or try anything once. Doing the same thing over and over again, even it is something you do well, is real drudgery for you.

You live in your head a great deal - reading, observing, thinking, spinning ideas around - and you need mental stimulation every bit as much as you need food and drink. In fact, if you had to choose between a good book or movie and a good lunch, you would very likely choose the former. You have a creative mind and often live by your wits.

You are also a very social creature, with a strong need to communicate and to interact with people. You enjoy using and playing with words and have a real flair for getting your ideas across in a clever, interesting, articulate manner. Writing or speaking are areas you have talent for.

You also have a rather light and mischievous sense of humor, and often do not take anything too seriously. Though you crave emotional involvement, it is hard for you to achieve it, for you are frequently unwilling to commit yourself to anything, to take responsibility, or to limit your personal freedom and mobility.

Your happiness lies in using your creativity and your language skills to communicate something meaningful, to teach, inspire, or bring people together. You have an unbiased mind and can usually offer a fresh, clear, uncluttered perspective. Your faults are your lack of constancy and persistence, and your tendency to overlook or ignore deep emotional issues and other people's feelings.

Sun in 10th house:

Your career, reputation, and public image are very important to you. You have a strong desire to be influential or make your mark on the world. The merely personal sphere does not satisfy you; your ambitions include making a major contribution and receiving broad recognition for your unique effort and gifts. You may undervalue the personal or inner side of life.

Sun Conjunct Venus:

You are loving and well-loved by others, and have a strong need for kindness, friendship, and affection. Your artistic and creative powers are also well developed and you do everything in a harmonious, gracious, pleasing manner. Aesthetics are very important to you. Your personal appearance and attractiveness are also very important to you.

Sun Conjunct Mars:

You are assertive, energetic, active, courageous, and vital. You have a very strong physical drive which expresses itself as sexuality and passion, a desire to compete with others, and a tendency to fight. You have a victorious spirit and the will to win.

Chapter 3: Mental Interests and Abilities

Mercury in Gemini:

You have an extremely active, lively and versatile mind with a multitude of interests and an inexhaustible curiosity about life. You are quick to grasp new concepts and equally quick to lose interest in an idea or project once your curiosity has been satisfied. You like to taste a little bit of everything - concentration and disciplined study are not your strong points. Mentally restless, you may change jobs or locations frequently, or do work that involves movement, travel, and variety.

You have a flair for language, playing with words, speaking, writing, or teaching in an entertaining and informative way. You also enjoy meeting new people, conversing and learning a little bit about them, and you work well with the public.

Sales, advertising, communications, journalism, or public relations are good areas for you. Your ability to be articulate and to communicate well is one of your greatest strengths.

Mercury in 11th house:

You have a good understanding of group trends, politics, mass movements, and community affairs. Sharing ideas with groups of people is something you do well and are likely to be involved with. You collaborate well in group efforts and are likely to be part of a successful team or large organization.

Mercury Square Uranus:

You are an original thinker, capable of unique discoveries and innovations, but you tend to scatter your energies into too many directions at once and to make impulsive or hasty decisions. You grasp ideas very quickly and become impatient with duller or more conservative minds. A fast-moving, mentally stimulating, and unpredictable atmosphere suits you quite well, even though you may complain about the stress and the crazy pace. You have a technical bent and are interested in the newest scientific theories and findings, electronics, computers, etc.

Mercury Sextile Jupiter:

You have an ongoing interest in learning and expanding your mental horizons. You enjoy traveling, philosophical discussions, and exchanging ideas with those of different experiences and viewpoints. Broad-minded and fair, you are well-suited to law, consulting, diplomatic relations, and also business. You learn quickly, and can pick up on a new idea or concept with relative ease.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Gemini:

You do not appear to be an intensely emotional or sentimental person, and you are often unaware of your own or other people's deeper feelings and emotional needs. Tears and tantrums bewilder you and make you very uncomfortable. You would rather settle differences by talking things out reasonably and rationally, but you tend to ignore or poke fun at any attempt to probe your own or others' inner depths.

You avoid heavy, demanding emotional involvements and are wary of making personal commitments.

You need plenty of mental stimulation and you feel close to people with whom you can share thoughts and mental interests. Conversation is very important to you. The strong, silent type of partner is not for you.

Moon in 11th house:

You get a lot of emotional fulfillment through your involvement in groups, clubs, organizations, community activities, or a network of close friends who support and care for you. You make friends your family, and feel a close kinship with people who share some ideals or beliefs that you hold dear. You need people outside of your physical family to relate to and belong to.

Moon Conjunct Mars:

You feel that you must always be DOING something, and become impatient and irritable if you have to slow down or wait for anything. A stormy home life may be the result of your own tendency to fight for what you want, rather than compromise. You may not realize how competitive you are.

Venus in Gemini:

In love, you are more interested in a person's sense of humor and intelligence than in their physique. You like a partner who is mentally alive and who keeps you guessing a little bit, and you become restless and bored with someone who never asks questions, never changes or surprises you. Talking, sharing ideas, going places together, and learning new things together is very important to your happiness. You need lots of social stimulation, are something of a flirt, and like to have many friends of both sexes. A possessive, jealous partner is very stifling for you.

Venus in 10th house:

Promoting beauty, the arts, or entertainment can make you very happy. You want to contribute something positive and loving to the world at large and you want to be recognized for your beauty, artistic gifts, or loving generosity. You may "marry" your work - that is, be more involved in your career than in your private life. You are a natural hostess or diplomat.

Venus Square Jupiter:

You share freely whatever you have, and your friends know they can always count on your generosity and support, both emotional and material. Your good-hearted acceptance and tolerance of others' foibles goes a long way in maintaining harmony in your relationships. You also have a lazy streak and sometimes avoid confronting difficult issues in relationships simply because it seems like too much trouble and too petty. You like to socialize and will use any excuse to celebrate with friends. You cannot tolerate too much restriction by your love partner, and encourage your partner's freedom as well.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Gemini:

You are a "busy bee" - energetic, restless, and forever on the go. Your active mind is always buzzing with ideas and you find it difficult sometimes to relax, slow down, or take time to reflect and replenish yourself. You tend to live on nervous energy. You can accomplish much in short bursts but projects that require long-term commitment, stamina, and steady, persistent effort are not easy for you. You often scatter your energies into so many directions and activities at once that you cannot finish or follow through on some of them. You need variety, change, and mental challenges.

You have a sharp and eager mind, and you enjoy games and competitions that have a mental component. You like to match wits with someone else.

You often achieve your desires by your verbal skill, your ability to speak clearly, vigorously, and convincingly for what you want. Your drive and energy is more mental than physical. You use your wit, intelligence, communication skills, social sophistication, and awareness to achieve your goals.

Mars in 11th house:

You are a team player and work well in collaboration with others who share your goals, ideals, and intentions. You can coordinate group efforts and inspire people to work toward a shared goal.

Team sports are also a lot of fun for you, and you could be a leader, coach, or director of any group endeavor.

Chapter 6: Other Influences

Jupiter in Leo:

You cannot tolerate smallness or pettiness in any form, and you have a tendency to exaggerate. Also, you have a wonderful sense of drama! You must live boldly and heroically. Otherwise you feel you are simply existing and wasting your talents.

The desire for personal recognition - or even Fame - and a need to do something you feel really proud of, motivate you strongly. You have an unusual capacity for fun and playfulness also.

Jupiter in 1st house:

You have an optimistic outlook on life and to others you appear jovial, confident, and expansive. You do what you can to be encouraging and helpful to other people, and your generosity and lack of pettiness makes you very well-liked.

Because you see yourself as a lucky person, you may feel that you can "get away with anything", without negative consequences. You tend to go to excess and have little sense of moderation (or even caution, at times).

Jupiter Square Neptune:

You have a need to escape from the demands of everyday life, and reach out to something bigger, more exotic, more exciting. Traveling is good for you. You may also daydream, fantasize, or philosophize a great deal.

Saturn in Aries:

You have difficulty asserting your will and desires directly and openly. You also may suppress your anger and aggressiveness. Developing self-confidence, courage, and faith in yourself are important tasks for you.

Saturn in 9th house:

Your attitude toward religion, philosophy, and politics is very conservative and possibly narrow or rigid. On the one hand, you may believe in nothing that is speculative or intangible, requiring proof for any idea presented to you. Each idea is thoroughly and systematically examined. On the other hand, you may tenaciously cling to your grand philosophical or metaphysical beliefs and opinions, refusing to modify them or to be open and receptive to others' insights and perspectives.

Your overall outlook on life is serious, and you may feel that life or God will punish you if you do not watch your step!

Uranus in Virgo:

You are part of a 7 year group of people who employ their skills and creativity to bring about a great deal of practical reform in education, medical care, and other social services. Your innovations are not radical or unusual, but they are usually effective.

Your generation also has a curious mixture of both conservative, ethical people, and rebellious, disruptive people. There seems to be little middle ground for your age group, and you swing to one extreme or the other. The conservative people strive to reinstate strict moral standards, want to swiftly punish criminal behavior, and strive to highlight the importance of old-fashioned values in our lives, laws, and overall life style. On the other hand, the rebellious people of your generation are angry at the established way of doing things and act in a defiant, crude, and coarse manner.

Uranus in 2nd house:

You have a reckless, impulsive, or very unconventional attitude toward money, material things, and ownership. Above all, you do not want to be possessed by your possessions. The obligations of owning things are likely to feel oppressive to you.

Also, you may make your money in a field that is unconventional, highly unstable, or very inventive and innovative. Your fortunes are likely to fluctuate widely throughout your life.

Uranus Conjunct Pluto:

You were also born during a period that lasted approximately 5 years and is characterized by extreme restlessness and an impatient, dynamic attitude towards life. You are part of a group of people who can be explosive and even violent in their reactions to situations. You do not tolerate being restricted, and your age group rebels with force and anger against oppressive situations.

Uranus Sextile Neptune:

You are quite open to psychic experiences and altered states of consciousness, and do not have to work very hard to achieve them. You belong to an idealistic, free-thinking group of people who will advance the spiritual progress of humankind as a whole.

Neptune in Scorpio:

You are part of a 14 year group of people that have very intense psychic sensitivity and imagination. Your age group is very attracted to the strange, weird, and unusual. The sense of the macabre and bizarre is strong, and this is reflected in much of the music, art, and fashions of your age group. Novels and movies with mystery and chilling suspense are also popular with your age group. Emotional depression, drug use, and suicide are likely to be relatively high in your age group. There is also a deep mystical sense, and Eastern religions and meditation are very attractive to your age group.

Neptune in 4th house:

Your childhood and early home life were colored by a great deal of confusion or by people with unusually active imaginations, aspirations, or fantasies. It is difficult for you to see your childhood and your relationship with your parents in a clear, realistic light. You may search for the ideal, loving home you wish you had, or believe you had, when you were a child. Finding inner peace and a sense of emotional security within yourself is important to you.

Pluto in Virgo:

You are part of a 15 year group of people that are driven by the need to find an ethical standard and a clear sense of what is right and what is wrong. There is a subconscious drive to straighten out all the world's evils and create a world of perfect order. There is a feeling of repulsion to anything ugly, dirty, or grotesque. Oddly enough, there is also often a fascination with these very things that are so distasteful, and often a feeling of hopelessness and despair about the world's condition.

These inner, emotional and conflicting qualities are reflected in the attitudes and life styles of your generation. Most people of your age group are conservative and ethical, and a small minority goes to the opposite extreme and relishes being strange or unusual in appearance, and sloppy or even grotesque in manners and appearance. There seems to be no middle ground for your generation. Usually, the rebellious type of behavior comes out during adolescence, and tends to subside thereafter, and your age group tends to be very conservative in later life.

Your age group is not very good at compromising and tends to have strong ideas about what is right and what is wrong. There is a strong feeling that you must extinguish evil in the world. Certainly, fostering good works is very commendable, but a categorical and simple-minded response to complex issues is not helpful. Your age group will undergo great transformations in attitudes regarding Good and Evil and will swing to great extremes. Your generation will also make great contributions in the areas of medicine and nutrition, ecology, and education.

Pluto in 2nd house:

You are likely to have a fixation on money, wealth, and material resources. You may totally renounce material desires and ownership, or become obsessed with having, owning, and accumulating. Your attitudes towards owning, keeping, and sharing will undergo major changes in your lifetime, and your fortunes are likely to run very hot or very cold.

Major Life Themes Chart Interpretation for

Kylie Minogue

Technical Details of how the planetary patterns are determined: Each interpretation is based on a 3-planet pattern. The 3 planets are forming a midpoint structure where a planet forms one of the following aspects to the midpoint of 2 other planets: conjunct or opposition with 2 degree orb, square with 1 1/2 degree orb, semisquare or sesquiquadrate with a 1 degree orb, or 1/16, 3/16, 5/16, or 7/16 with a 30 minute orb. Also, the 3 planets are aspected to each other in the same harmonic. The harmonics analyzed are 1 through 64 and any doubling of these numbers, such as 120 which is a double of 60, up to 180. The total number of harmonics analyzed is 108. In the harmonic chart all 3 aspects are within a 12 degree orb. Also, any midpoint structure involving a conjunction or opposition aspect within a 1 1/2 degree orb, even if a harmonic triangle is not involved, is interpreted.

Given below is a brief interpretation of your birth chart. The major themes in your life are described. The themes are presented approximately in the order in which they are a priority in your life. In other words, the themes which are most important are, in general, described near the beginning of the report, and the less important themes are described towards the end of the report.

Each astrological influence described in this report is a resource available to you. It is up to you to express these energy patterns in the best possible way. It is possible to repress, block, or try to avoid issues, or to fight yourself; hopefully this report will help clarify issues in your life, and encourage you to master your life rather than be a victim of circumstances.

Sun-Mercury-Saturn 16th Harmonic

You are methodical and logical. In elementary school and even in high school, you may sometimes have felt that you are a slow learner, but actually it is only your insistence on gaining a thorough, complete, and logical understanding of a subject that caused any problems. Other people are content with relatively superficial explanations whereas you often seek a level of clarity that even the teacher may not be capable of providing. Your quiet, structured, and disciplined approach to learning can help you excel in many areas as long as you have the self-confidence and patience to allow yourself to master the material.

Venus-Neptune-Pluto 128th Harmonic

It is good for you to surround yourself with art and music that are very deep and moving. You are very sensitive and you will find that you are more comfortable with styles that have much greater depth and complexity than the styles that are popular or in vogue. You are very idealistic in romance and it will be difficult for you to achieve the level of intensity and dreaminess that you seek in a romantic relationship.
